The search by state police for a missing Jefferson County woman continues in the State College area.

Joey Offutt has been missing since July 12th, the day a fire destroyed her home and apparently killed her infant child. Offutt's red Saturn was found in the vicinity of Nittany Garden Apartments on Waupelani Drive last week, but Offutt's whereabouts are still unknown.

Offutt is 33 years old, five feet three inches tall, and has brown hair and brown eyes. Anyone with information about Offutt is asked to contact the Pennsylvania State Police.
